Bluebonnet 2005 Summer Day Camp Will Make Your Summer Great!

Around the World in 55 Days!

To encourage a lifelong interest in sports and physical activity, Bluebonnet has enlisted the help of Kids in Motion, a provider of fitness programs for children. Kids in Motion will give children a fun-filled sampling of different sports and activities each week - martial arts, track and field sports, gymnastics, soccer, baseball and cheerleading.

Visit Asia!

May 31 - June 10 (Two Weeks. May 30 is a holiday.)

A Chinese dragon parade and lessons in painting Chinese characters will be a part of this session. We will build a yurt (Mongolian tent) and a house on stilts like those used in the lowlands. We will try on traditional clothing such as saris, kimonos and sarongs, visit to an Asian food market, and even learn a bit about the martial arts.

A Safari to Africa

June 13 - June 24 (Two Weeks)

Go on a "safari" and visit real wild zebras, wildebeest, camels, orangutans, spider monkeys, flamingos and more at Sunrise Exotic Ranch. Hear a story in the African oral storytelling tradition. We'll have fun playing and dancing to the steel drum, as well as practicing outdoor track and field games.

A Tour of Europe!

June 27 - July 15 (Three Weeks. July 4 is a holiday.)

From learning about the French Eiffel Tower, to blowing a giant Bavarian Alpenhorn and even building a Dutch windmill, we will learn about languages and customs of Europe. From the British Isles, we learn about kilts and make jewelry with Celtic symbols. One field trip will be a visit to the French Legation Museum founded when Texas was a nation of its own. Some basics in gymnastics will be covered in this session.

Latin America

July 29 (Two Weeks)

The impact of Latin America on our lives is apparent every day in Austin. We will learn Spanish songs and Brazilian tunes. We will visit a genuine Mexican bakery where we will sample pasteless (baked goods), galletitas (cookies) and much more. We'll learn techniques in futbol (soccer) and have our own Brazilian Carnaval celebration.

North America

August 1 - August 12 (Two Weeks)

From our neighbors in Alaska we will build an igloo; from our friends the Native Americans farther south, we will learn dances and make moccasins, jewelry and headdresses. We will learn about North American wildlife in our visit to a local park and even attend a presentation of a play. Baseball and cheerleading skills are covered in this last session.
